PLEASE READ BEFORE BIDDING

Coins and medals are sold at so much per piece, no matter how many in lot, and no lot will be separated, except proof sets, which are sold per set, or as one piece If a lot contains say 10 pieces and you wish to pay $2 for it, bid 20 cents on the lot. The auctioneer will accept an advance of 1 cent up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10, when no advance under 25 cents will be accepted. You can bid anything up to 50c., after that the bid must be 55c., or 60c. Such offers as 51c., $1.01, etc., are unavailable. Remember, do not bid a lump sum for a lot, but by piece.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10 and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable I have taken special pains to carefully and fairly describe each lot.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

The coins, etc., in each lot are different unless otherwise described.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft, as the usual exchange fee will be deducted from checks.

A printed list giving prices realized for each lot at the sale will be mailed on receipt of 75 cents.

RARE AMERICAN COLONIALS, ETC.

10.00 526 (1616). Sommers Islands (Bermuda). Shilling. Obv. A. hog. SOMMER* ISLANDS* XII over hog. Rev. A full rigged ship under sail. Crosby's No. 1, Plate 1. The piece shows little wear. The reverse is fine. There is some corrosion, due to itsthinness and great age. This is probably as good a

specimen as any known. Excessively rare and seldom met with. This coin was secured, with the one following, from a native of Bermuda and was found on that Island where it had lain since the time it had been in circulation there.

Mr. Crosby states in his work that "but two specimens are known," one in the Appleton collection, and another belonging to Mr. Crosby himself.

Note.—Captain Smith, governor of Virginia, informs us that "Master Daniel Tucker" arrived at the Islands (Bermudas) about the middle of May, 1616; and he leaves it to be inferred that it was under the rule of this Governor that "Beside meat, drinke and cloathes they had for a certaine kinds of brasse money with a hogge on the one side, in memory of the abundance of hogges was found at their first landing."

70.00 527 (1616) Sommers Islands Shilling. Obv. Similar to last but from a distinctly different die. The ship has much larger sails and deck of ship differs. In some respects a stronger impression than last, but general condition hardly as good. Good. Excessively rare. NOT LISTED IN CROSBY. May be unique.

Excepting the pieces struck for Charles and Joan of Mexico, THESE ARE THE EARLIEST COPPER COINS ACCREDITED TO AMERICA.

1201.—(1616) A fine "Sommer Islands" Penny numerale VI over hog. The hog and value show clear and some of the legend is visable. The ship shows fairly well on the reverse, some parts even clearer than the one in Crosby's book. Owing to the composition of the metal and great age all the Sommer Island specimens show marks of corrosion. This could be termed fair. The price is several times rarer than the shilling.
